# Avocado Oil

Avocado oil is the new hot superfood, and its mild, buttery taste is delicious in everything from salads to baked goods. And with an exceptionally high smoke point, it's easy to use, too.

## Avocado oil contains:

- ✓ Monounsaturated oleic acid, a heart-healthy omega-9 fat
- ✓ Lutein for healthy eyes
- ✓ Magnesium and potassium – important electrolytes for full-body health
- ✓ Vitamin E and other antioxidants

### What's With The Box?

Marconi® Bag-in-Box technology is scientifically proven to keep cooking oil fresher for longer by blocking light & air – the leading causes of spoilage. The built-in spout and regular shape make it easy to pour & easy to store.
